

**Astronomy & Physics Science Archives Working Group (SAWG)**  
**Initial Meeting**

NASA Headquarters  
Room 9H40 (Program Review Center)  
April 29-30, 2002

Agenda

Monday, April 29

|          |   |                     |
|----------|---|---------------------|
| 8:30 am  | Coffee  |                     |
| 9:00 am  | Introduction                                  | Joel Bregman, Chair |
| 9:15 am  | Status of MO& DA Program                      | Paul Hertz          |
| 10:00 am | Astrophysics Data Executive Committee Report  | Nick White          |
| 10:30 am | Break   |                     |
| 10:45 am | Reports from Science Archive Research Centers |                     |
|          | HEASARC                                       | Nick White          |
|          | Optical/UV SARC                               | Marc Postman        |
|          | IR SARC                                       | George Helou        |
| 12:15 pm | Lunch   |                     |
| 1:00 pm  | Charge to Group and State of A&P Division     | Anne Kinney         |
| 1:30 pm  | Reports from Mission Data Centers             |                     |
|          | SIRTF   | George Helou        |
|          | Herschel                                      | George Helou        |
|          | SWIFT   | Frank Marshall      |
|          | XMM GOF                                       | Richard Mushotzky   |
| 3:00 pm  | Break   |                     |
| 3:15 pm  | MAP Data Archives                             | Charles Bennett     |
| 4:00 pm  | Role of GSFC Astronomical Data Center         | Jim Green           |
| 4:30 pm  | Discussion                                    |                     |
| 5:00 pm  | Adjourn                                       |                     |

Tuesday, April 30

|          |  |                             |
|----------|--|-----------------------------|
| 8:30 am  | Status of Applied Information Systems Research Program | Joe Bredekamp               |
| 9:00 am  | National Virtual Observatory---<br>NSF/ITR Activity    | Alex Szalay/<br>Bob Hanisch |
| 10:00 am | NASA/NSF Science Definition Team                       | George Djorgovski           |
| 11:00 am | General Discussion                                     |                             |
| Noon     | Lunch  |                             |
| 1:00 pm  | Discussion and Formulate Report and Recommendations    |                             |
| 3:30 pm  | Adjourn  |                             |
